Nigeria	Elektrint Nigeria LTD	ELECTRICAL, MECHANICAL, PLUMBING AND FACILITY MAINTENANCE	ELEKTRINT NIGERIA LIMITED is a core subsidiary of the IGPES Group and a leading provider of integrated Electrical and Mechanical Engineering solutions in Nigeria. For five decades, the company has consistently demonstrated exceptional competence in delivering end-to-end services across key sectors of the Nigerian economy, including Construction, Industrial/Manufacturing, Power, Hospitality, Telecom & IT, Oil & Gas, Healthcare, and more. Headquartered in Lagos with operational branches in Abuja and Port Harcourt, Elektrint has established a strong nationwide presence—continuously expanding its capabilities, technical depth, and service delivery excellence. We offer state-of-the-art MEP (Mechanical, Electrical & Plumbing) services to a diverse portfolio of clients such as residential and commercial developments, industrial facilities, malls and warehouses, hotels, hospitals, and private estates. Our project execution philosophy emphasizes superior quality and the application of the latest technology in the design and construction of major engineering projects. Elektrint's service delivery spans the entire project lifecycle—from Engineering Design, Procurement, Construction, Installation, and Commissioning to Facility Management and Maintenance. Backed by a seasoned team of professionals and a proven track record, we provide comprehensive technical and management solutions tailored to the unique needs of each client.
